Your Nonprofit is a Business.

Nonprofits face many of the **same financial dilemmas** as their for-profit counterparts -- need for cash-flow to start, sustain, and expand operations.

Charitable Giving

Americans give **BILLIONS of dollars** to charities every year.

In 2021, Americans gave over \$484 Billion to charity.

= Over \$1 Billion given **every** day.

How the world thinks nonprofits get money:

How the world thinks you identify funders:

What the world thinks you do all day:

Being busy is not the same as being
productive.

Planning + Productivity = Success.

Learning Objectives

After today's discussion, you'll be able to:

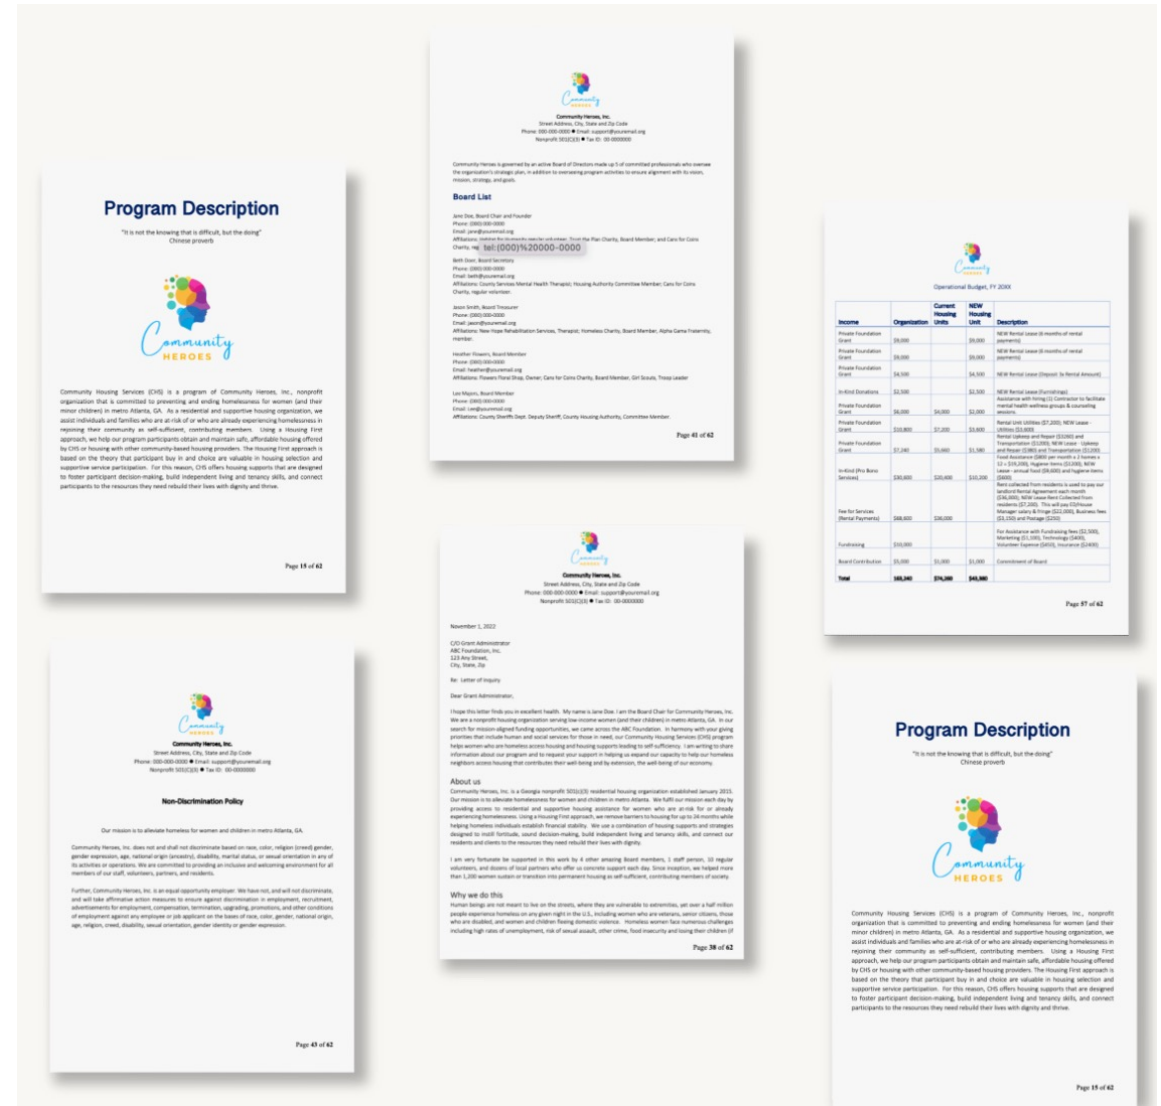

1. Develop a 2-page proposal for multiple funders.
2. Describe what is included in a mini proposal package.
3. Understand how to prepare your budget for funding applications.
4. Locate funding opportunities.

What is a 2-Page Proposal

Short-form proposal package that includes:

- Mini Proposal or Letter of Inquiry
- Board List
- Budget(s)
- Letter of Inquiry

Letter of Inquiry

What is a Letter of Inquiry?

A letter of inquiry (LOI) is a 2 -4-page document that is used to seek funding .

Dear Grant Administrator,

I hope this letter finds you in good health. My name is Jane Doe. I am the Board Chair for Community Heroes, Inc., a nonprofit organization dedicated to providing clean water resources for the metro Atlanta residents. Our mission is to provide safe water solutions for Georgia residents. In our search for mission-aligned funding opportunities, we came across the ABC Foundation. In harmony with your giving priorities that include support for environmental charities, we work to ensure our community has access to clean water resources that are affordable and beneficial for health. I am writing to share exciting information about the program and to request your support in helping us expand our services statewide.

About us

Community Heroes, Inc. is nonprofit 501(c)(3) organization established January 2015, and located in Atlanta, GA. Our Board of Directors is made up of 5 dedicated local philanthropists (including myself). We established Community Heroes to give back to society by helping low-income metro Atlanta communities access clean water supplies. In doing so, we help our residents access a resource that is vital to their health and livelihood. We are committed to this work because we know unclean drinking water is a public health concern that can be solved with the right supports in place. Since inception, Community Heroes has provided low-income communities with XXX gallons of clean drinking water which has potentially saved millions of lives every year.

Why we do this

Although access to clean drinking water is a fundamental human need, unclean water supplies continue to be a persistent and visible issue in the United States. In fact, drinking water systems serving millions of people across the U.S. fail to meet state and federal safety standards. And according to the U.S. Environmental Protection Agency (EPA), drinking water with unsafe levels of contaminants, can cause health effects, such as gastrointestinal illnesses, nervous system or reproductive effects, and chronic diseases such as cancer. Sadly, based on CDC reports, diseases from dirty water kill more people every year than all forms of violence. By contrast, when people have access to clean

Why we do this

Although access to clean drinking water is a fundamental human need, unclean water supplies continue to be a persistent and visible issue in the United States. In fact, drinking water systems serving millions of people across the U.S. fail to meet state and federal safety standards. And according to the U.S. Environmental Protection Agency (EPA), drinking water with unsafe levels of contaminants, can cause health effects, such as gastrointestinal illnesses, nervous system or reproductive effects, and chronic diseases such as cancer. Sadly, based on CDC reports, diseases from dirty water kill more people every year than all forms of violence. By contrast, when people have access to clean water, they have more time to go to school, earn an income, and maintain their health. We are seeking funding to help offset our costs to acquire a new prefabricated water storage tank so that we can produce more clean water units for immediate distribution to low-income communities.

Program name: Community Heroes Water

Our target area includes people living in low-income metro Atlanta communities that have limited access to clean drinking water.

Our goals

Our chief aim is to provide safe drinking water for low-income communities in our target area.

Program SMART Goals

1. To acquire a prefabricated water storage tank that can hold up to 10,000 gallons of water by December 31, 20XX.
2. To rehabilitate up to 3 high-quality water-point structures by December 31, 20XX.
3. Reinforce concrete slabs for 2 residential wells December 31, 20XX.
4. Distribute 500 handpump water sensors for residents with well by December 31, 20xx.
5. Disburse 10,000 gallons of water every quarter (40,000 gallons total) of clean water units to low-income communities by December 31, 20XX.

About our request

We are requesting \$10,000 to help us offset the cost of a new prefabricated water storage tank that will allow us to test, rehabilitate, store, and disburse water supplies in our target area.

Mission

Guided by the belief that every life has equal value, the Bill & Melinda Gates Foundation works to help all people lead healthy, productive lives. In developing countries, it focuses on improving people's health and giving them the chance to lift themselves out of hunger and extreme poverty. In the United States, it seeks to ensure that all people—especially those with the fewest resources—have access to the opportunities they need to succeed in school and life. Based in Seattle, Washington, the foundation is led by CEO Mark Suzman, under the direction of Bill Gates, Melinda French Gates, and Warren Buffett.
